## Reading Test

Read the following text and then answer the questions below.

India was ruled by Shah Jehan in the early seventeenth century. In 1612 he married a beautiful and intelligent princess called Arjumand Banu Begum. He was deeply in love with his wife. She was titled Mumtaz Mahal. The princess once dreamed of a great building and she expressed her desire to her husband that after her death such a great building should be built as the symbol of their love. In the year 1631 she died. After her death her husband decided to build a beautiful tomb that had ever been built. In order to build such a great building he called some famous artists from different countries. Finally, when the design was ready, the construction of the Taj Mahal started in 1632. more than 20,000 workmen took part in the construction of this magnificent building. It took around 20 years to complete it. The building materials came from many countries including Arabia, Egypt, Tibet and different parts of india. Both Mumtaz Mahal and her husband were buried in the lower part of the building. Their graves are decorated with beautiful stones. Today, the Taj Mahal is visited by thousand of tourists from India and other countries.

Level: 3AM

Time: 1 hour and a half

#### Text:

India lies in south Asia, between Pakistan to the west, Bangladesh and Myanmar to the east, China, Nepal and Bhutan to the North. India is known as a "subcontinent" with an area of about 3,287,590 Km<sup>2</sup>. There are mountains and deserts, vast plains and tropical jungles. It is divided into three large geographic regions;

the Himalaya region in the north, the Gangetic plain and the plateau region in the south and central areas. It has a population of one billion inhabitants, making it the second most populated country after China. About 9 million people live in the capital, New Delhi. India became independent from Britain in 1947.
